list will need to make an In-Year Application for a place at the school from start of term in September 2025.

Previously looked after children are children who were looked after but ceased to be so because they were adopted (or became subject to a child arrangements order or special guardianship order). All references to previously looked after children in this Code mean such children who were adopted (or subject to child arrangements orders or special guardianship orders) immediately following having been looked after and those children who appear (to the admission authority) to have been in state care outside of England and ceased to be in state care as a result of being adopted.

Separate boys' and girls' schools are not considered to be linked for the purposes of sibling claims. All siblings must still be attending the preferred school at the time the child enters the school. For example, for the September 2024 intake the sibling must still be attending in September 2024. **Therefore, for entry into Reception Class siblings currently attending nursery class or attending Year 6 are not classed as meeting the sibling criteria. For secondary transfers siblings in Year 11 or the Sixth Form are not classed as meeting the sibling criteria.**

9.3. Distance measurements to schools

order/court order (where applicable), this must be submitted by email to admissions@birmingham.gov.uk and the application reference number must be provided for applications made for the normal admissions rounds. For In-Year Admissions this information and any supporting documents must be sent directly to the preferred school(s).

It is the parents' responsibility to agree between themselves and make clear which address will be used and to provide supporting evidence in respect of that address. An application can only be processed from one address. The final decision about which address is to be used rests with the local authority for applications made for the normal round of admissions and the school for In-Year Admissions.

10. **Deferred Entry**

By law, parents must ensure that their children are receiving suitable full-time

Teacher/Principal that they have accepted their request for their child to be taught outside their normal year group.

Where a parent wishes to request admission out of the normal age group for their child, they should still make an application for their child's normal age group at the usual time. At the same time, the parent should submit their request for their child to be admitted out of their normal age group to the relevant admission authority, (for all community and voluntary controlled schools this is Birmingham City Council), together with supporting evidence.

Admission authorities must make decisions on the basis of the circumstances of each case and in the best interests of the child concerned. This will include taking into account the parent's views; information about the child's academic, social and emotional development; where relevant, their medical history and the views of a medical professional; whether they have previously been educated out of their normal age group; and whether they may naturally have fallen into a lower age group if they had not been born prematurely. They must also take into account the views of the head teacher of the school concerned. When

If the admission authority refuses to agree to deferment until September 2025, then the parent/carer will need to make an in-year application for a place in Year 8 in September 2025, and then request via the school for their child to be taught outside their normal chronological year group.

Implications of deferred entry to school

Placement outside a child's chronological year group must be considered to be in the best interests of the child. The decision could potentially have long-term effects and it is therefore important to establish the reasons for the request to delay starting school. It is also important to anticipate what will happen when your child is old enough to transfer to secondary school, to leave statutory education, and the timing of any consequent examin
